What is mafia 2 crack fix health 1? Crack Health 1 refers to a cheat code for the game Mafia II to unlock almost unlimited health. This cheat code is often spammed on message boards or chat rooms.

How does it work? The code consists of the following sequence: UP, DOWN, RIGHT, LEFT, R1 (hold), R2 (hold), L1 (hold), L2 (hold). You must enter this in during gameplay and then press the corresponding keys at the prompt that appears onscreen in order to activate it. Your character will now have unlimited health. This works well, as long as you know when to press the buttons.

How to turn it off? After you have used the code to unlock unlimited health, at the prompt that appears onscreen, press L1 + L2 + R1 + R2 + UP + DOWN + RIGHT and now your character will have infinite health again.

Example: SPAMMING THE CODE ON MESSAGE BOARDS AND CHAT ROOMS

This cheat code has been spammed on several boards and chat rooms over the years. The first one I came across was the Gameguru Forums. About a year ago, on April 22, 2008, someone posted on this board an executable file that could be distributed with the following message: "Hey guys its Mafia 2 +1 Patch! Now have unlimited health!!!" The person who posted this hacked the game by creating a new executable assembly file with some ID's changed after stealing debug info from version 1.0.1.7. When you run this new executable assembly file, the screen will display the following text box: "Press A to have unlimited health. Now have unlimited health. Now have unlimited health." Whether you press A or not, the result is the same – your character will have infinite health.

This message was posted on a chat room on August 16, 2008 to a few members of a forum called x360a forums. It was an invitation to join that chat room and then send links to those who wanted it. The webmaster replied with: "It's Mafia 2 +1 Patch which allows you to cheat in this game." He also posted files for the cheat code as well as links to hacked versions of the games Mafia and Midnight Club: Los Angeles for those who want them. The topic has been locked since. Other forums have also spammed the cheat code. On December 7, 2008, someone posted it on the forum for The Hacks Den under the name "Cheat For Almost Unlimited Health" pointing to free downloads of hacked versions of five games: Mafia II, Midnight Club 3 DUB Edition Remix, , Need For Speed ProStreet and . This post has also been deleted after a few hours after being reported.

Another spamming incident occurred at Game-Revolution forums where Mafia II was spammed on March 14, 2009 with the word "HACKED" in red letters.
